

Installation Instruction

UNPACKING INSTRUCTIONS

- Carefully open the carton, remove contents and lay out on cardboard or other protective surface to avoid damage.
- Check package contents against the Supplied Parts List in the next page to assure that all components were received undamaged. Do not use damaged or defective parts.
- Carefully read all instructions before attempting installation.

IMPORTANT SAFETY INFORMATION

Install and operate this device with care. Please read this instruction before beginning the installation, and carefully follow all instructions contained herein. Use proper safety equipment during installation.

Please call a qualified installation contractor for help if you:

- If you don't understand these directions or have any doubts about the safety of the installation.
- If you are uncertain about the nature of your wall, consult a qualified installation contractor.

Do not use this product for any purpose or in any configuration not explicitly specified in this instruction. We hereby disclaim any and all liability for injury or damage arising from incorrect assembly, incorrect mounting, or incorrect use of this product.

WARNING

CAUTION!

This TV mount must be securely attached to the vertical wall. If the mount is not properly installed it may fall, resulting in possible injury and/or damage.

Tools Required	<ul style="list-style-type: none"> ■ 5/32"(4mm) Drill Bit ■ 3/8"(10mm) Masonry Bit ■ Phillips Screwdriver ■ Stud Finder 	<ul style="list-style-type: none"> ■ Wrench or Socket Set ■ Carpenter's Level
----------------	---	---

Note: The mounting components and hardware supplied in this package are not designed for installations to walls with steel studs or to cinder block walls. If the hardware you need for your installation is not included, please consult your local hardware store for proper mounting hardware for the application.

(6)M7x65mm Lag Bolt-Y

(6)M10x55mm
Concrete Anchor-Z

Step 1

Mounting the Wall Plate to the Wall

Brick or Concrete Wall

1.1

1.2

Wood Studs Wall

1.1

1.3

1.2

Step 2 Mounting the Monitor Brackets to a TV

2.1 G/H/J/K/L/M/N

2.2 A/B/C (Optional)

2.3

Step 3 Choose Mounting Position in flat or minus 5 degree

You can mount your television in either of two positions: flat or at a minus 5 degree downward tilt. To mount the television flat to the wall use only the Monitor Brackets. To mount the television in the minus 5 degree tilt position you must first add two Small Added Hooks to each Monitor Bracket with two Carriage Bolts and two Nuts as shown in right diagram.

Step 4 Attaching Monitor to Wall Plate and Inserting the Locking Bar

4.2
